Expected condition failed: waiting for visibility of Proxy element for: DefaultElementLocator 'By.xpath: //div[contains(@role,'alertdialog')]' (tried for 5 second(s) with 500 milliseconds interval)

The screenshot shows a healthcare software interface. On the left is a navigation sidebar with various menu items like Admins, Call Center, Chart Reviewed, Payment & Invoicing, Coding Review, Quality Control, Quality Assurance, HEDIS, Audit Trail, Chart Repository, Management Reports, and Operations Reports. The main area displays a patient chart for 'Tho, Af'. The chart includes fields for Last Name ('Tho'), First Name ('Af'), Date of Birth ('02/02/1980'), and Gender ('Male'). Below the chart is a 'Document Check List' section with several buttons: 'Address Page', 'Cancel Chase', 'Delete Page', 'Follow Up', 'Print', and 'Submit'. To the right of the chart is a sidebar with the text 'ICRA Solutions' and a 'San Dine' entry.

This screenshot is identical to the one above, showing the same patient chart for 'Tho, Af' and the same software interface elements.

Expected condition failed: waiting for visibility of Proxy element for: DefaultElementLocator 'By.xpath://div[contains(@role,'alertdialog')]' (tried for 5 second(s) with 500 milliseconds interval)

This screenshot shows a different view of the healthcare software. It appears to be a search or results page for a provider named 'Tho, Af'. The interface includes a search bar, a table with columns for 'Chart ID', 'Member Name', 'Member/DIN', and 'Provider Name', and a 'Document Check List' section with the same set of buttons as the previous screenshots.
